# Testimonials

We've worked with Just Travel Cover for five years to provide travel insurance as a cross sell to our existing clients. The white label website integrates seamlessly with our existing platforms and has helped us grow our offer with no disruption to the customer journey.

With dedicated marketing support and account management the partnership has helped us grow revenues without a strain on resource and their call centre has effectively become our travel insurance department generating healthy year-on-year growth.

Josh Barnsdale, Director, One Call Insurance.

The Just Travel Cover system is extremely easy to use and provides access to a number of insurers in one place which gives our clients plenty of choice when it comes to finding cover. The staff are very supportive when it comes to the ever changing demands and needs of the modern traveller including the ability to offer increased cover limits.

Neil Turner, Managing Director, Academy Insurance Services LTD.

We worked with Just Travel Cover to develop a solution for airline staff and their families. They developed a bespoke Travel Insurance website for us that is customised to our audience and provides a seamless customer journey from quotation to purchase.

It's great to work with an innovative and forward-thinking company who believe in tailored solutions rather than a one size fits all model.

Marc Corcoran, Managing Director, Fly Sure.

Our customers may be living with medical conditions but we know this does not stop them enjoying holidays. One thing that can prevent them travelling is arranging comprehensive travel insurance, so we wanted to partner with a company that could help them find the cover they need.

We've been able to offer our clients a discount off their cover from a company we know and trust.

Daniel O'Grady, Marketing Manager, Pharmacy2u.
